The aim is to welcome international volunteers and interns who will work as a TA (teacher assistant) of a professor or teacher in a particular field of study and assist him/her in conducting classes. You can apply as an English Teacher Assistant, or as an assistant for your own field of study/expertise, and you will work at either a university or a high school, for 1 up to 6 months . It is a great way to experience Kazakhstan's society and culture. The host university will be taking care of your accommodation and meals for the duration of your stay, and some might cover roundtrip flight tickets).
